DRAFT, DELIBERATIVE

Hi Owen,

We wanted to remind you of the documents that are still awaiting your review/clearance:

- Summaries of KS, GA, NM, and WA State Discussion Forums (4)
- Summaries of KS, GA, NM, and WA Tribal Discussion Forums (4)
- Final Read Me and Data Dictionaries for FOIA documents

I believe that you already have copies of the state and tribal discussion forums – please let us know if you need for us to send those to you.

For the Excel files, I make a small tweak to the “Read Me” language by adding “and the Army” in the first sentence (edited version attached). I also made copies of the four files that we released with FOIA with the Read Me and the Data Dictionaries as new tabs (links attached, as well as the Excel file for just the ephemeral 303(d) file as some of the documents may be too big to share. I’ve also attached the version of the data dictionary with my edits from 12 PM yesterday). Note that the NPDES file already had a “ReadMe” tab, so I named the new Read Me “Read Me”

Please let us know if you have any questions or edits.
